TEDDY SAGI'S STAKE IN PLAYTECH IS FURTHER REDUCED

5,000,000 shares of Playtech, the company Teddy Sagi founded, have been sold today by Brickington Trading Ltd

This divestment is in line with his committed strategy to diversify his wealth and further expand into property, co-working, e-commerce and other technology ventures.

Globe Invest Limited, the family office of Teddy Sagi, has today confirmed that Brickington Trading Ltd has sold 5,000,000 shares of Playtech; the strike price was £4.45 and the total consideration was circa £22.25m. The deal was arranged by Credit Suisse Securities (Europe) Limited.

Globe Invest says, **“Teddy Sagi and his family decided to diversify their wealth back in 2016 and agreed on a new strategy of investing in real estate, co-working, e-commerce and new technology ventures. This share sale is part of that continuum”.**

This Playtech share sale is the latest in a number of sales made over the last two years. Playtech remains an exciting company with huge potential, but Mr Sagi is now primarily focussed on his investments in real estate, co-working, service apartments, e-commerce and other hi-tech and technology companies.

Globe Invest Limited was established in 2016 and acts as the single family office of Teddy Sagi. The office consists of a team of expert advisors who manage the interests and investments of the principal and whose job is to preserve and protect the principal's wealth, legacy and reputation, with a strong focus on corporate governance, controls and principles.
